Vital Vitamins & Minerals Formula

رینٹکس
وٹامنز اور معدنیات کا جامع فارمولہ

COMPOSITION

Each tablet contains:

Beta Carotene	750mcg	Sodium Selenite	100mcg
Vitamin A	750mcg	Copper Sulphate	0.5mg
Vitamin D3	10mcg	Manganese as Sulphate	2.5mg
Vitamin E	20mg	Potassium Iodide	5mg
Vitamin C	125mg	Sodium Molybdate	25mcg
Thiamin HCl	40mg	Cinnamon Bark Ext.	150mg
Riboflavin HCl	40mg	Fenugreek	25mg
Niacin	20mg	Vanadium	100mcg
Vitamin B6	12.5mg	Inositol	50mg
Folic Acid	125mcg	L-Arginine	125mg
Vitamin B12	20mcg	Alpha Lipoic Acid	25mg
Biotin	15mcg	Taurine	50mg
Pantothenic Acid	25mg	Quercetin	25mg
Choline as Choline Bitrate	25mg	Betaine HCl	12.5mg
Iodine as Potassium Iodide	75mcg	Hesperidin	0.5mg
Magnesium Sulphate	210mg	L-Carnitine	10mg
Zinc as Zinc Sulphate	7.5mg	Lutein	100mcg
Chromium as Picolinate	150mcg		(Manufacturer Specs.)

Rentyx is a rich combination of vitamins, minerals, herbs, phytochemicals, amino acids and fatty acids, which provide additional antioxidant capacity and anti-inflammatory property for overall health. This synergistic combination ensures that body receives a wide range of nutrients crucial for maintaining optimal health.

BENEFITS OF MULTIVITAMIN:

Rentyx enhances energy levels & cognitive performance, better mood, boost immune system, reduce oxidative stress and inflammation, and potentially mitigate the risk of chronic diseases.

Nutritional Gaps: Multivitamins can help fill nutritional gaps that may not be adequately addressed by diet alone.

Physical Health: Multivitamins can contribute to overall physical health by potentially reducing the risk of chronic diseases and supporting organ health.

Energy Production: B vitamins, including B12 and B6, play a crucial role in energy metabolism. **Rentyx** provides these nutrients, supporting the body's ability to convert food into energy.

Bone Health: Vitamins D, along with minerals like magnesium, are essential for maintaining strong and healthy bones. A multivitamin helps ensure these nutrients are present in sufficient amounts.

Heart Health: Some research suggests that multivitamins may play a role in supporting cardiovascular health and potentially reducing the risk of heart disease.

Mood and Mental Health: Certain vitamins and minerals found in multivitamins, like B vitamins, can positively influence mood and potentially reduce symptoms of stress and depression.

Eye Health: Vitamins A, C, and E, as well as minerals like zinc, support eye health and may reduce the risk of age-related macular degeneration.

Immune System Support: Multivitamin and mineral supplements can reduce the incidence of infections, particularly in specific populations. In older adults, multivitamin supplementation has been shown to improve micronutrient status, which is crucial for maintaining a robust immune system. This effect was especially pronounced in individuals with type 2 diabetes, who are at higher risk for micronutrient deficiencies.

BENEFITS OF MULTI-MINERALS

Minerals play crucial roles in numerous bodily functions, including maintaining healthy bones, regulating heart rhythm, blood sugar and blood pressure, supporting nerve and muscle function, and aiding in enzyme reactions. **Rentyx** can also help prevent deficiencies, particularly in individuals with specific health conditions or dietary restrictions.

Improved Immune Function: Magnesium and zinc are known to boost the immune system and reduce inflammation.

Bone Health: Magnesium and manganese are vital for building and maintaining strong bones. **Cardiovascular Health:** Potassium, magnesium, and sodium play roles in regulating blood pressure and heart rhythm.

Nerve and Muscle Function: Magnesium, potassium, and sodium are essential for proper nerve and muscle function.

Blood Sugar Regulation: Chromium, vanadium and magnesium may help regulate blood sugar levels.

Metabolic health: Iodine and copper supports overall metabolic function and energy levels.

Enzyme Activity: Many of these minerals are cofactors for various enzymes, which are crucial for numerous biochemical reactions in the body.

BENEFITS OF PHYTOCHEMICALS, AMINO ACID, FATTY ACID AND HERBS

Rentyx offers various health benefits, including improved cognitive function, enhanced athletic performance, antioxidant and anti-inflammatory support, and potential cardiovascular benefits.

Blood Sugar Regulation: Fenugreek, cinnamon bark extract, alpha lipoic acid improve blood sugar control, which can be beneficial for individuals with diabetes.

Hormonal Balance: Fenugreek and inositol help with hormonal balance, particularly in women with PCOS.

Eye Health: Lutein is an antioxidant that concentrates in the eyes and may help protect against age-related macular degeneration and cataracts.

Cardiovascular Health: Hesperidin, betaine, taurine, quercetin and L-arginine reduce risk of cardiovascular diseases by improving blood vessel health & blood flow, reducing blood pressure & inflammation.

Metabolic Health: Inositol and L-carnitine improve metabolic health and assist in fat metabolism.

Nervous System Function: Alpha lipoic acid, inositol and taurine enhance mood balance, memory, brain function and cognitive performance by improving nerve function, cell signalling and reduce inflammation.

Muscle Function: L-carnitine and L-arginine improve muscle function and reduce muscle fatigue by increasing blood flow to muscles.

Other Potential Benefits: Fenugreek, cinnamon bark extract, alpha lipoic acid, quercetin, hesperidin have antioxidant and anti inflammatory properties that can help protect cells from damage. Long-term inflammation may increase risk of chronic diseases e.g. type 2 diabetes, heart disease, and autoimmune disorders.

INDICATIONS

Rentyx is used to treat or prevent vitamin and mineral deficiency caused by.

- Chronic diseases
- Poor nutrition
- Dietary restrictions
- Old age
- Digestive disorders

DOSAGE AND ADMINISTRATION

1 tablet daily with food or as directed by the healthcare practitioner.

ADVERSE EFFECTS

None reported.

DRUG INTERACTIONS

No data is available.

PRECAUTIONS AND WARNINGS

Do not exceed the recommended dose. Consult healthcare professional before taking the product.

CONTRAINDICATIONS

Hypersensitivity to any of the ingredient of **Rentyx**.

PRESENTATION

Rentyx Tablets: 20's/pack

Mfg. En. No.: 0083

Product En. No.: 0083920279
